

Official PPSHOW Meme () Whitepaper - Solana Meme Token NFT Ecosystem

PPSHOW Team

2026

Abstract

We present Official PPSHOW Meme (\$PP), a community-first token built on the Solana blockchain that combines transparent tokenomics, controlled vesting mechanisms, and digital art ownership through NFT collections. As a reward for community support, \$PP+ was introduced as a holder reward token, distributed quarterly (for the period of one year) to \$PP holders at a 10:1 ratio. This token ecosystem establishes a fair and inclusive framework where community members collectively own and shape a movement centered on creativity, culture, and collaboration. Through smart contract-enforced vesting schedules, verifiable token burns, and accessible NFT art releases, the ecosystem aligns long-term incentives while celebrating meme culture and digital creativity. These tokens are designed to foster sustainable community growth rather than short-term speculation, with transparent on-chain operations that empower participants to build something greater together.

1 Introduction

Official PPSHOW Meme (\$PP) is more than meme art—it's a movement. Built on the Solana blockchain, fueled by community strength, and driven by a mission to give back, \$PP embodies togetherness, resilience, and creativity. In 2026, \$PP+ was launched as a reward token to thank loyal holders. The \$PP+ Reward Wallet distributes 1 \$PP+ for every 10 \$PP held to all holders quarterly over one year—four distributions every three months—with full distribution expected by year end. Through fair tokenomics, transparent supply reduction, holder rewards, NFT art releases, and an art-driven ecosystem, PPSHOW empowers people to own a piece of collective digital creativity while building something greater together.

2 The Problem

Many meme tokens prioritize short-term hype over sustainable community building. Projects often lack structure, clarity, or fair mechanics, which fragments communities and undermines trust. This creates volatility and limits long-term cultural and community impact.

3 Our Solution

PPSHOW flips the narrative with a community-first design, fair and inclusive access, digital creativity ownership through \$PP ART, and transparent mechanics. Controlled vesting, planned supply reduction, and verifiable burns align long-term incentives while celebrating culture and collaboration.

4 Core Values & Benefits

4.1 The Power of Community

Strength is found in unity. When individuals support each other, share insights, and collaborate, they build resilience and shared success.

4.2 Built for the People

Fairness, inclusivity, and opportunity define \$PP. Everyone has equal access and a shared stake in shaping its future.

4.3 Own a Piece of Digital Creativity

Own unique PPSHOW Meme Art—collectibles that represent creativity, community, and connection.

5 Tokenomics

Through controlled vesting, strategic supply reduction, and a transparent burn process, our model is designed to foster a strong, thriving ecosystem.

5.1 Vesting Schedule

300M \$PP Art are locked under smart contracts and will vest over time.

2026: Unlocking begins under the vesting contract with gradual distribution.

2027: Additional tokens vest, with a portion allocated to community growth and ecosystem development.

5.2 Planned Supply Reduction

A 30% reduction in available supply is planned over three years:

- **2025:** 100M \$PP Art burned by year end
- **2026:** 100M \$PP Art burned
- **2027:** 100M \$PP Art burned upon vesting schedule milestones

5.3 Transparent Burn Process

Burns are executed via a dedicated burn wallet and verifiable on-chain.

5.4 \$PP+ Reward Token

\$PP+ is a reward token launched in February 2026 to thank loyal \$PP holders for their continued support.

Distribution Model: Holders receive 1 \$PP+ for every 10 \$PP held.

Distribution Schedule: Four quarterly distributions throughout 2026, occurring every three months. The first distribution begins February 14, 2026, coinciding with the \$PP burn event.

Reward Wallet: Holds all \$PP+ rewards for distribution to existing holders. The wallet is expected to be fully distributed by the end of 2026 after all four quarterly distributions are complete.

Initial Supply Reduction: 99 million \$PP+ tokens were burned immediately upon launch to establish scarcity.

Important Notice: \$PP+ is a meme token with no utility or use, serving solely as an expression of art and appreciation to the community. It is not a security, investment, or financial product.

6 \$PP ART – NFT Collections

In addition to the *PPtoken, plannedNFTreleases* (PP ART) will be available to the community and holders, and accessible to anyone. These drops celebrate creativity, unity, and meme culture, designed as collectibles to strengthen the PPSHOW movement.

Important Notice: No value is ascribed to either the \$PP token or the \$PP ART NFTs. They are not investments, securities, or financial products. Both are intended solely for collection and participation in the PPSHOW community.

7 Technology

- **Blockchain:** Solana for speed, low fees, and scalability
- **Smart Contracts:** Enforce vesting, burns, and community incentives
- **NFT Integration:** \$PP ART as digital collectibles

8 Roadmap

- **2025:** Token launch, community initiatives, first burn events, NFT previews
- **2026:** \$PP+ reward token launch (February 14), four quarterly \$PP+ distributions, vesting unlocks, continued burns, community incentive programs, NFT drops
- **2027:** Additional vesting and burns, large-scale NFT release
- **Beyond:** Expansion into broader cultural and digital creative ecosystems

9 Team & Community

PPSHOW is community-driven. Contributors span art, culture, and blockchain backgrounds, while the community is empowered to steer growth and engagement.

10 Marketing & Community Building

- Viral meme campaigns
- Social media activations

- Community events and collaborations
- Creator partnerships to amplify awareness

11 Security & Compliance

- On-chain transparency for burns and vesting
- **Clarification:** Neither tokens nor NFTs represent financial products

12 Risks & Challenges

- **Market Volatility:** Visibility and demand may fluctuate
- **Adoption Risk:** Requires sustained community participation
- **Regulatory Shifts:** Evolving compliance standards may affect operations

13 Summary

Official PPSHOW Meme is a cultural movement built on art, creativity, and community. Join the movement, stay strong, and help build something greater together.
